

The Timber Ridge Property Owners Association bylaws call for a maximum of nine directors for the Board of Directors. For 2023 – 2024 there are six vacancies (2 members with expiring positions are standing for re-election).

Members of the TRPOA Board of Directors contribute to the betterment of our community, they have a voice in how Timber Ridge common owned area and assets are managed and developed for the future. We, as the Timber Ridge community, have some big decisions to make. Much of our infrastructure and recreational facilities need replacement and some of this will come at a high cost. Members of the board of directors and those that sit on community committees have a voice in how these decisions are shaped and made. Some items that we need to plan for include replacement of tennis courts, replacement of marina infrastructure, building/rebuilding of trails and bridges, addition of new recreational facilities.

Our community facilities are what we as a community want them to be. Come and join the board of directors and help shape the community of Timber Ridge to continue to be the community you want it to be and the best community in the Columbia Valley.

A strong board of directors provides a strong and vibrant community. Consider running for a director position on the Timber Ridge Property Owners Association board of directors. A summary of the director roles and responsibilities follows.
